

LEAD, FOLLOW  
AND IN TURN  
CREATE MORE  
LEADERS.

ABASA Wits draws its mission from our national structure and that is to further the agenda of black professionals through various programmes and activities that redress inequalities and open up opportunities for them in the corporate world. As a student chapter we tailor the various activities for black accounting students at the University of The Witwatersrand.

As ABASA WITS our overarching long term goal is the development of the next generation of leaders. We believe that true leadership lies in guiding others to success and ensuring that growth and development is maintained.

We place high value in our members, because we believe that to be able to add value to others we must first value others.

ABASA Wits aims to add value to the lives of our members and beyond through various initiatives that include:

- Events Coordination
- Social Development

### ***Events***

The events are painstakingly chosen to tackle some of the prevailing issues we face as a nation. We do this in anticipation to add value to the lives of many by empowering and imparting knowledge, and ultimately creating more leaders. These events range from being conversational to solution-seeking or informative, covering topics that affect black people at large, especially the black youth, as well as topics of particular interest to accounting students.

### ***Social Development***

We believe in investing in people. We try to remove all barriers so that all the members of our society can journey toward their dreams with confidence and dignity. We are all about helping people so they can move forward on their path to self-sufficiency. We provide mentorship programs, we also offer first and second year tutorials. We have ABASA Works initiative which is specifically aimed at bridging the gap between our members who are students and those who are already in the corporate space, we serve as a link that aides students to enter the accounting profession. ABASA Wits also has other outreach programmes such as high school and orphanage visits.
