

WITS PALESTINE SOLIDARITY COMMITTEE

You may have heard about the Israel-Palestine situation before, but you may be unsure about exactly what is going on or how it is relevant to you. Established in 2005, the Wits Palestine Solidarity Committee (PSC) seeks to raise awareness about how the state of Palestine is being whittled away by the Zionist settler-colonial project. Situated in the Middle East, Palestine has been partitioned by the Israeli apartheid regime and both Palestinian land and the Palestinian people have faced grave injustices.

Imagine if half the population of your country was forcibly expelled and the other half forced to live in territories controlled by the military. Try to picture the consequences. What effect would this have on your heritage? How would your family cope? Would your community survive? This is the plight faced by millions of Palestinians. For years, they have suffered at the hands of the Israeli settler-colonial government, leaving them fragmented and scattered across the world.

If you would like to learn more about the struggle and get involved, we urge you to sign up for the Wits PSC. We raise awareness not only about the issue of Palestine, but about issues of injustice across the world. If you would like to learn more about our cause, engage with our members and social media.

The PSC has carried out numerous successful events on campus, most notably Israeli Apartheid Week which was composed of panel discussions, rallies, and film screenings. This year, we aim to host an array of virtual events and we look forward to you joining us.
